

PRODUCT INFORMATION

TYPE 17 STEEL & ALLOY TJ WRANGLER

COMING SOON.

TJM have released the Type 17 bullbar in both Steel and Alloy for the Jeep Wrangler to satisfy the demands of the more discerning Jeep owners. This vehicle protection system has specifically been designed to suit the look of the vehicle while still giving the protection you are looking for.

With an outstanding approach angle, mounting points for the even the largest spot lights, a top viewing slot for winches, polycarbonate parker/indicator lenses, SA5 coated steering box guard and a winch frame that takes up to a 10,000lb winch all as standard items, you can't go past this bar for value for money.
