## TJM TYPE 16 HOLDEN VE COMMODORE

AVAILABLE NOW

The stylish and sporty TJM T16 Frontal Protection Grille Guard for the New Holden VE Commodore is manufactured from 76mm diameter highly polished aluminium tube, and fits seamlessly over the existing front bumper. Not only does this Grille Guard look great it, will help protect the front of your VE Commodore from minor bumps & scrapes.

All alloy items from the TJM collection have been designed and manufactured to our exacting specifications, are air bag compatible and will accommodate driving lights if required by the owner.

All mounts are constructed from steel and powdercoated black to help conceal the bottom of the guard.
